

Thesis Supervision Meeting Minutes

This form must be completed by the student, approved, and signed by the supervisor on each meeting, then uploaded to GitLab to create a timestamp.

Date: 20/10/2025

Time: 9:30 am

Location: DkIT Campus

Attendees: Israa Atike, Damian Loughran

Key Discussion Points:

- **Progress Update:** Initial meeting to discuss the project scope. Topics covered included the tools and software that will be using, planned data cleaning steps, analytical approaches to be applied, and the types of visualizations to be developed.
- **Challenges Faced:** No challenges encountered at this stage.
- **Supervisor Feedback:** The supervisor advised identifying key research questions to guide the development of the literature review and overall project direction.
- **Next Steps:** Begin data import, cleaning, and exploratory data analysis.

Next Meeting:

Date & Time: 03/11/2025 at 9:30 am

Location: DkIT Campus

Minutes Prepared by: Israa Atike

Signature of Supervisor Damian Loughran

Thesis Supervision Meeting Minutes

This form must be completed by the student, approved, and signed by the supervisor on each meeting, then uploaded to GitLab to create a timestamp.

Date: 03/11/2025

Time: 9:30 am

Location: DkIT Campus

Attendees: Israa Atike, Damian Loughran

Key Discussion Points:

- **Progress Update:** Started performing some data cleaning on my dataset, including dealing with missing values, fixing data types, and getting rid of unnecessary columns, as well as tried to focus on refining the study around one research question.
- **Challenges Faced:** No challenges faced at this stage.
- **Supervisor Feedback:** The supervisor advised to review at least five literature sources from reliable academic journals rather than general websites, and analyse the data based on location (the states of the USA for example), and to have a look at the Harvard referencing style for the interim report.
- **Next Steps:** carrying on with the data cleaning and moving on to exploratory data analysis.

Thesis Supervision Meeting Minutes

This form must be completed by the student, approved, and signed by the supervisor on each meeting, then uploaded to GitLab to create a timestamp.

Date: 18/11/2025

Time: 11:10 am

Location: DkIT Campus

Attendees: Israa Atike, Damian Loughran

Key Discussion Points:

- **Progress Update:** I have completed approximately 90% of the data cleaning. This included working through the dataset column by column, handling duplicates, and removing features that do not appear to be crucial for the prediction task.
- **Challenges Faced:** No challenges faced at this stage.
- **Supervisor Feedback:** My supervisor advised me to begin the literature review and temporarily pause the coding work, as the interim report deadline is approaching, as well as to make sure to read peer reviewed trustworthy papers. He also highlighted the importance of writing the interim report sections carefully to avoid losing easy marks.
- **Next Steps:** I will finish the remaining 10% of data cleaning tasks and begin working on the literature review.

Next Meeting:

Date & Time: 24/11/2025 at 9:30 am

Location: DkIT Campus

Thesis Supervision Meeting Minutes

This form must be completed by the student, approved, and signed by the supervisor on each meeting, then uploaded to GitLab to create a timestamp.

Date: 24/11/2025

Time: 11:10 am

Location: DkIT Campus

Attendees: Israa Atike, Damian Loughran

Key Discussion Points:

- **Progress Update:** I have completed the data cleaning stage and have begun reviewing relevant literature related to my research question.
- **Challenges Faced:** No challenges faced at this stage.
- **Supervisor Feedback:** My supervisor advised me to begin drafting the interim report and to remain open to unexpected findings that may emerge during the data analysis. He also emphasized the importance of using peer-reviewed and trustworthy academic sources for the literature review.
- **Next Steps:** I will continue with the literature review and start writing the first draft of the interim report.

Next Meeting:

Date & Time: 01/12/2025 at 9:30 am

Location: DkIT Campus

Thesis Supervision Meeting Minutes

This form must be completed by the student, approved, and signed by the supervisor on each meeting, then uploaded to GitLab to create a timestamp.

Date: 08/12/2025

Time: 11:10 am

Location: DkIT Campus

Attendees: Israa Atike, Damian Loughran

Key Discussion Points:

- **Progress Update:** I have been reviewing literature reviews related to my research question and dataset.
- **Challenges Faced:** No challenges faced at this stage.
- **Supervisor Feedback:** My supervisor advised me to begin writing the interim report and to start doing my analysis, which is also required for the interim report.
- **Next Steps:** I will start writing the interim report, as well as start doing the analysis on my dataset required for the interim report.
